Market Attention & Anomaly Audit: 'English language'

Cross-Market Indexed Trajectory (Base Period = 100)

Visual Guide: The solid line plots genuine organic human traffic (with bots and anomalous spikes filtered out), while the dashed trendline captures the true multi-year direction. **Plain-Language Finding:** Across all compared languages, **Japan (ja)** clearly commands the highest, most resilient consumer demand (941,367 real human visits), far outpacing every other market. In contrast, European languages show sluggish curiosity or heavy bot distortions, confirming Japan as the standout #1 expansion target.

Rank	Target Market	Human Views	Growth CAGR	Trust	Priority (S_i)	Commercial Action
#1	Japan (ja)	941,367	-16.1%	75/100	87.8	Strong volume and clean momentum. Launch loca...
#2	Germany (de)	586,933	-10.1%	62/100	73.4	Strong volume and clean momentum. Launch loca...
#3	Spain (es)	732,632	-28.9%	74/100	61.2	Reliable base audience with stable demand. Lo...

EXECUTIVE SUMMARY

Decision: GREEN LIGHT (GO). Japan (ja) emerges as the clear #1 expansion target with exceptional audience demand (941,367 human views) and a high Trust Score (75/100). Unlike secondary markets contaminated by bot traffic or steep decline, this market demonstrates sustainable, year-round curiosity. **Immediate Action:** Prioritize product localization and marketing budget for Japan (ja); initiate localized user acquisition tests.
